

## 2024-2025 Undergraduate Tuition and Fees

### Undergraduate tuition 2024-25

Enrollment status: A student's enrollment status is based on the number of credits taken. Students who take 3 or more full courses (12 or more semester credits) are considered full-time. Students enrolled in at least 1.5 but less than 3 full courses (6-11 semester credits) are classified as half-time, while those enrolled in less than 1.5 full courses are classified as less than half-time. Students must maintain at least half-time status to be considered for financial aid.

Tuition and fees are determined on an annual basis each fall for the next academic year. The cost for instruction is the same for both classroom and remote (online) courses.

NOTE: Tuition, Technology Fee, Student Activity Fee, Health and Wellness Fee, and Green Initiative Fee are set regardless of the method of instruction and will not be adjusted or refunded in the event instruction occurs remotely for any part of the academic year.
